

Adding On Screen Printing on Clay

a one day workshop for those with experience making and using screen prints to continue their learning

Brenda Danbrook Ceramics

Using demonstration, discussion and problem solving and practice time, participants will learn new techniques to enhance depth for 3-D forms. Topics will include

- new ways to integrate multiple layers of pattern and image to create a rich and dynamic forms
- layering lithography (photo transfer to clay) and silk screen prints on one form
- new ideas on how to block pattern
- use of paper cut stencils, stamps, slip trailing, and texture to add a layer of depth
