

## Give It A Try! Screen Printing on Clay

A two day hands on workshop to 'try out' all the steps from designing and making a screen to 'printing' and then applying the print to clay . Saskatoon is fortunate to have a full print making studio where you can later extend your learning and make your own screens.

**DAY 1 @ Void Gallery, with print maker Cate Francis**

- Learn about screen printing
- Design and make a 6x8 silk screen for printing

**Day 2 @ Saskatoon Potters Guild with ceramist Brenda Danbrook**

- Print the screen on to paper with slip and learn how to transfer to clay – there will be lots of time for hands on practice and feedback
